NOTES FROM LAST MEETING:

At the last meeting the following topics were discussed.

- **By-Laws:** The following is notification of intent to change the by-laws. Concerns have been raised regarding the protocol for the purchase of the Tucker from the Hamburg Snowmobile Club. Some major concerns were the failure to communicate the intent of the purchase via the newsletter and provide all members adequate notice of the purchase. Recommendation to revise the by-laws to prevent future miscommunication, including notification of purchases that exceed \$1500 and keeping a minimum balance in the club accounts. Dale Rauen volunteered to draft wording to be added in the by-laws and will present at the next meeting.

LAPTOP AND PRINTER PURCHASE: Laptop and printer have been purchased and setup at the club shed. Thank you, Duane Mueller, for your help with this.

OTHER NEWS:

- Panel on large overhead door has been replaced.
- Trickle charger has disappeared. If you have borrowed it, please return as soon as possible.

Groomer and Trails:

Gary Drewek will continue to be Groomer Boss for the 2022-2023 season. Groomer Boss keeps track of when and who is grooming trails. With the addition of a second groomer more groomer operators are going to be needed please contact Rick Stencil or Evan Lang if interested in learning to groom.

Several club members retiring from signing trails this year. We will need to identify which trails require a new trail boss and what sections. If interested in becoming a trail boss for a section of our trails, please come to the meeting and see what is available.
